Payment

The curriculum/supply fees and monthly tuition can be made in two different ways to Sonshine. The first way would be to use the Smart Care App to make the one time curriculum/supply fee payment and then monthly tuition payments with a debit or credit card. Tuition can be set up on auto pay that would draft on the 5th of each month from the account you select. There is a 2.85% processing fee that SmartCare charges for all debit and credit card payments. The second way to make payment is through check, money order or cash directly at the school. All payments are due by the 1st and will receive a late fee of \$25.00 if paid after the 5th of each month. Regardless of the way you choose to pay a monthly tuition invoice will be emailed to the email address you provided during registration.
